WEBSITE: www.boxa-chem.com

1. Product Characteristic

The industrial grade propylene glycol content reaches over 99.5%, and the product quality is stable..

2. Main Standard and Prosperities

Product Name:	Propylene Glycol-industrial grade
Chemical Formula:	C ₃ H ₈ O ₂
CAS:	57-55-6
Appearance:	Colorless viscous transparent liquid without visible impurities
Package:	galvanized iron drums or plastic drums in 25 kg, 200 kg or 215 kg; ISO TANK

3. Technical Specifications

Item	Standard
1,2-Propanediol, w/%	≥99.00
Moisture, %	≤0.20
Color (Pt-Co), Hazen	≤15
Density (20°C)/(g/cm³)	1.035-1.040
Acidity (calculated as acetic acid), w/%	≤0.020
